

The Sanicare Range

Sanitech
Hygiene

Sanitech proudly introduces its new Sanicare range of products.

The Sanicare range is manufactured from top quality ABS plastic and is attractive, durable and lockable.

1. Soap Dispensing Systems

Sanicare Foam/Soap

A soap product designed to last longer than conventional liquid soaps, making it ideal for executive washrooms. A skin-softening ingredient prevents drying out of hands.

Sanicare 1 Litre Top Up Liquid Hand Soap

This top up liquid soap dispenser is also available in anti-bacterial medical gel, hand cream, shampoo and shower gel and also available in a cost-effective 2 litre option.

2. Hand Drying Systems

Reflex Paper Towel Dispenser

Features an automatic cutting blade, is double absorbent and comes with a matching disposer.

Towel Dispenser - Also Available In A No Touch Option

Paper Disposal Bin

For installation below a paper towel dispenser to dispose of used towels.

Roll Control Paper Towel Dispenser

The perforated towel minimises wastage and is available in single and double ply paper. It is specifically designed to avoid the unauthorised removal of the contents.

Folded Paper Dispenser

Individually folded towels for use in areas with lower traffic volumes.

3. Air Freshening Systems

Sanicare Digital Air Freshener

An effective digital odour control system releasing various fragrance delivery options, programmed to suit individual environments.

4. Sanitary disposal

Sanicare Manual Fem Bins

These units, which fit all cubicles, are designed to ensure that maximum hygiene is maintained. The liner bag is chemically charged, thus disinfecting and deodorising the contents. We remove the contents discretely and dry clean each unit with an antibacterial wiping system. Thereafter we dispose of the contents responsibly.

Available in 3 colour options.

Sanicare Electronic Lady Bins

The optimal hygiene solution is available in a no touch or a manual option.

5. Sanitiser Unit

Sanicare Digital Quadrasan Sanitiser

This digital system delivers a concentrated cleaning and sanitising formulation into the urinal and toilet bowls, whilst releasing a pleasant fragrance.

6. Seat Sanitiser System

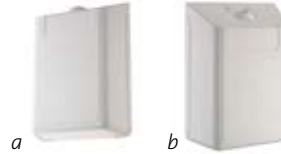

Sanicare Safe Seat

Sprayed onto the toilet tissue, the quick drying pleasantly perfumed chemical delivers immediate cleansing and sanitising of the toilet seat.

Sanicare Hygiene Wipes

This all-purpose SABS tested wipe, available in two sizes, safely and effectively cleans hands and surfaces, including toilet seats. It is 99% effective against known bacteria and viruses.

7. Toilet Roll Holders

Sanicare Toilet Roll Holders

The light-duty holder holds 2, 3 and 5 rolls.

ALL THE ABOVE UNITS ARE AVAILABLE IN STAINLESS STEEL AND STAINLESS STEEL COATED OPTIONS.

8. Warm Air Dryers

Sanicare - Air, Stainless Steel

With an infrared detector, it is designed for high volume areas. The dryer automatically cuts out after 60 seconds to prevent overheating. It requires a 220v plug point.

9. Auto Flush Systems

Sanicare Auto Flush

Designed to fit existing urinal supply points. It does not rely on the user to flush, an infrared sensor activates the Autoflush.

10. Dust Control Mats

Dust Control Mats

These mats are designed to prevent dirt and dust from entering your premises. The mats are exchanged depending on traffic and are cleaned off site. They are durable and skid resistant and create a professional appearance.

11. Chemical Deep Cleans

Sanitech offers the chemically intensive deep-cleaning of toilet bowls, stainless steel urinals and urinal bowls, basins, stainless steel sinks and showers. All areas are sterilised on completion of the deep clean and are guaranteed to be germ free.

Company Profile

Sanitech was founded in the early 1980's as the first portable toilet hire company in South Africa to supply sanitation facilities to areas in which no sanitation infrastructure existed.

Waco Group

In 2007, Sanitech was purchased by Waco International - the leading forming, shoring and scaffolding and relocatable modular building service provider in the mining and resources, infrastructure, industrial maintenance, education, healthcare, entertainment events and construction sectors in the geographies it operates in.

The hygiene division was established in 1996 and now operates from three main branches namely Gauteng, Durban and Cape Town.
