How Lumio Attracts Pests

Suitable for any + all food production environments – Glass free LED UV modules

OEM & CUSTOM BRANDING

LUMIO allows you to showcase your complete brand identity, featuring a custom logo, color scheme, or artwork directly printed on the front panel. You can also include branding in the circular section, along with the option to add a brand name beneath.

This product is ideal for hotel chains, restaurant groups, facilities management companies, and white-label OEM partners.
