Sewage Treatment Package Plants

Sanitech
Integrated Hygiene & Sanitation Solutions

Experience a Complete Solution... With a Difference!
Applicable Sectors
- Municipal
- Mining
- Informal Sector
- Property Developers
- Hospitality Industry
- Agriculture, Forestry and Fishing

Treatment Process
- Fixed Film Media and Activated Sludge
Applications

**MUNICIPAL**
- Augmentation of existing municipal infrastructure
- Rehabilitation of dysfunctional treatment systems
- Decentralised treatment solutions to address absence of required infrastructure
- Recycling of treated effluent water to supplement the supply of potable water
- Disaster management when temporary solutions are required

**MINING**
- **Start-up**: Typical man-camp operation. Temporary solution
- **Operation**: Provide solutions for day to day operations
- **Rehabilitation**: Provide temporary solution

**INFORMAL SECTOR**
- Provide basic sanitation and decentralized treatment solutions

**PROPERTY DEVELOPERS**
- Temporary or permanent scalable treatment solutions to accommodate capacity demands caused by phased development. (Lifestyle Estates, Golf Estates, Commercial Developments)

**HOSPITALITY INDUSTRY**
- Temporary or permanent scalable treatment solutions to accommodate capacity demands (Lodges, Resorts, and Hotels)

**AGRICULTURE, FORESTRY AND FISHING**
- Provide decentralized treatment solutions

**Capacities**
- 10 – 500 m$^3$/day (10 000 - 500 000 Litres/Day)
- 500- 20 000 m$^3$/day (500 000 - 20 000 000 Litres/Day)
